

# PURESAN DISPENSER

1 YEAR  
WARRANTY

## SPECIFICATIONS

Height: 220mm

Width: 145mm

Depth: 80mm

The Puresan dispenser provides a continuous dose of fluid into the urinal/WC to freshen your washroom area and eliminate bad odours, whilst also helping reduce the effects of bacteria and germs.

The refill formulations are designed to combat the build-up of germs, which normally accumulate on washroom surfaces, including urinals and WC's.

The Puresan dosing system is easily programmable, giving you control over its service frequency.

The Puresan dispenser offers a unique benefit in being able to be installed up to half a metre below a cistern. Ideal for those tricky installations where the cistern is close to the roof.

## FEATURES:

- **Refill size:** Operates with 310ml liquid refills
- **Refill dosage:** Offers over 3000 metered doses of lasting and pleasant liquid fragrance.
- **Advanced Cleaning Solution:** Purpose-built to tackle bacteria and germ buildup.
- **Tamper-Resistant Design:** Hidden wires to prevent tampering.
- **Locking Options:** Choose how you access the device with keyed or un-keyed locks.
- **Spirit Level for Precision Installation:** A built-in spirit level to aid accurate installation.
- **Versatile Installation:** Can be installed at a lower level than the cistern, offering flexibility in where you can position the device.
- **Customised service Programs:** Offers 2 service programs, 30 or 60 day service programming.
- **Warning LEDs:** Warning lights to indicate when battery replacement and refill replacement are required.
