1 YEAR  
WARRANTY

## SPECIFICATIONS

Height: 273mm

Width: 133mm

Depth: 98mm

# UnicornHygienics

The Sanair 610ml Cleaner & Deodoriser Dispenser is an innovative 2-in-1 solution designed to maintain cleanliness in urinals and WCs while also delivering a fresh fragrance to the surrounding environment. The dispenser automatically releases a measured dose of cleaning fluid, preventing the build-up of bacteria. With each flush, a concentrated, fragrant foam is produced, effectively eliminating germs and reducing stains and deposits within the porcelain micro-pores of the urinal or WC.

Sanair 610ml formulation refills are specially designed to break down and dissolve deposits that can lead to clogged or blocked internal pipes. The dispenser features a wick system housed in a convection chamber, which enhances airflow through vents on the cover, ensuring a continuous and intense fragrance release.

## FEATURES:

- Refill Size:** Uses 610ml liquid refills.
- Dosage:** Provides over 6,000 metered doses with long-lasting fragrance and cleaning power.
- Service Intervals:** 30-day (sprays every 6.5 min) or 60-day (sprays every 13 min) options.
- Tamper-Resistant:** Hidden wires prevent interference for reliable operation.
- Locking Options:** Available with keyed or unkeyed locks for controlled access.
- Easy Installation:** Built-in spirit level ensures precise mounting.
- Flexible Placement:** Can be installed below the cistern for convenience.
- Service Programs:** Customisable 30-day or 60-day cleaning cycles.
- Warning LEDs:** Alerts for low battery and refill replacement.
